Towards an Integrated Community Care System for Wales

North Wales RPB: RIF Scheme Factsheet – September 2024

Scheme name	**Memory Support Pathway (MSP)**
Brief Outline (What it does, why it was needed, main partners)	The North Wales Regional Memory Support Pathway (MSP) is easy to access, person centred and equitable for all people living with dementia and their carers. Prior to the establishment of the North Wales pathway, different arrangements were in place for dementia support services in each of the 6 counties. The Local Authorities all commissioned different 3rd sector organisations to deliver a variety of levels and types of support services. There was great variation, a lot of duplication and a post code lottery. There was little interaction between the support services commissioned by the Local Authorities and the clinical assessment services provided by the Health Board. People living with dementia and their carers reported a confused disjointed experience, being asked the same information over and over, with no communication between the various partners delivering dementia services. The Memory Support Pathway (MSP) is designed so that it can be accessed at any stage via one regional single point of access. People living with dementia (PLwD) and their carers accessing the pathway are discussed at a monthly MSP multi-agency meeting which is attended by stage, 1, 2 and 3 delivery partners. This ensures that PLwD can access the right support to meet their needs at that time. The pathway is person centred and allows for anticipatory planning between partners as individuals move further along their dementia journey. The development of the pathway focused on the three stages of a dementia journey and considered the different needs at each stage: **MSP Stage 1** - Pre assessment education and support services – these are delivered by regionally commissioned third sector partners via a regional contract. **MSP Stage 2** - Clinical assessment - this stage is delivered by the Health Board's Primary Care Services, Older People's Mental Health Services, Audiology and other associated clinical services. **MSP Stage 3** - Post diagnostic support services - these are delivered by local authority social care staff, health board clinical staff and regionally commissioned third sector partners
Contact for further information	Name: Luke Pickering-Jones (RPB Team contact) Email address: luke.pickering-jones@wales.nhs.uk Webpage link: Chloe to insert
Funding	• Total investment - £1,087,414 • WG RIF investment - £888,000 (£210,000 DAP and £678,000 MAS) • Partner match funding investment - £199,414 • Social Value investment – £779,721 • Unpaid Carers Investment - £394,861

Tuag at System Gofal Cymunedol Integredig i Gymru

RPB Gogledd Cymru: Taflen ffeithiau Cynllun RIF – Medi 2024

Enw'r cynllun	**Llwybr Cymorth Cof (LCC)**
Amlinelliad Byr (Beth mae'n ei wneud, pam roedd ei angen, prif bartneriaid)	Mae Llwybr Cymorth Cof Rhanbarthol Gogledd Cymru (LCC) yn hawdd ei gyrchu, yn canolbwyntio ar yr unigolyn ac yn deg i bawb sy'n byw gyda dementia a'u gofalwyr. Cyn sefydlu llwybr Gogledd Cymru, roedd trefniadau gwahanol ar waith ar gyfer gwasanaethau cymorth dementia ym mhob un o'r chwe sir. Comisiynodd yr Awdurdodau Lleol i gyd sefydliadau trydydd sector gwahanol i ddarparu amrywiaeth o lefelau a mathau o wasanaethau cymorth. Roedd amrywiad gwych, llawer o ddyblygu a loteri cod post. Nid oedd llawer o ryngweithio rhwng y gwasanaethau cymorth a gomisiynwyd gan yr Awdurdodau Lleol a'r gwasanaethau asesu clinigol a ddarparwyd gan y Bwrdd Iechyd. Nododd pobl sy'n byw gyda dementia a'u gofalwyr brofiad dryslyd, gan ofyn yr un wybodaeth drosodd a throsodd, heb unrhyw gyfathrebu rhwng y gwahanol bartneriaid sy'n darparu gwasanaethau dementia. Mae'r Llwybr Cymorth Cof (LCC) wedi'i gynllunio fel y gellir ei gyrchu ar unrhyw adeg trwy un pwynt mynediad rhanbarthol unigol. Trafodir pobl sy'n byw gyda dementia (PLwD) a'u gofalwyr sy'n defnyddio'r llwybr mewn cyfarfod amlasiantaeth LCC misol a fynychir gan bartneriaid cyflawni cam, 1, 2 a 3. Mae hyn yn sicrhau y gall PLwD gael mynediad at y gefnogaeth gywir i ddiwallu eu hanghenion bryd hynny. Mae'r llwybr yn canolbwyntio ar yr unigolyn ac yn caniatáu cynllunio rhagweladwy rhwng partneriaid wrth i unigolion symud ymhellach ar hyd eu taith dementia. Roedd datblygiad y llwybr yn canolbwyntio ar dri cham taith dementia ac yn ystyried y gwahanol anghenion ar bob cam: **Cam 1 LCC -** Gwasanaethau addysg a chymorth cyn asesu – mae'r rhain yn cael eu darparu gan bartneriaid trydydd sector a gomisiynir yn rhanbarthol drwy gontract rhanbarthol. **Cam 2 LCC -** Asesiad clinigol - mae'r cam hwn yn cael ei ddarparu gan Wasanaethau Gofal Sylfaenol y Bwrdd Iechyd, Gwasanaethau Iechyd Meddwl Pobl Hŷn, Awdioleg a gwasanaethau clinigol cysylltiedig eraill. **Cam 3 LCC** - Gwasanaethau cymorth ôl-ddiagnostig - mae'r rhain yn cael eu darparu gan staff gofal cymdeithasol awdurdodau lleol, staff clinigol y bwrdd iechyd a phartneriaid trydydd sector a gomisiynir yn rhanbarthol
